

Offer Sheet

Product	Xtra Liquid Dish Detergent
Quantity	15,400 gallons in 275-gallon totes
Net weight	126,000 lbs.
Manufacture date	
Availability	One time
Location	Chino, CA 91710
Date	11/14/25
COA & SDS	Attached below

	Green Dish Detergent	Orange Dish Detergent
Lot #	DSG012023L1T10	DSO010523L1T10
Test date	7/29/25	7/26/25
Appearance	Yellow, green liquid	Orange liquid
Brix	6.2	5.2
Spgr	1.018	1.016
pH (neat)	7.34	6.87
Viscosity (#1@60 rpm)	70	33

Xtra Liquid Dish Detergent

Safety Data Sheet

Date Prepared: 10/31/2022

Section 1 Identification

Product Identifier: Xtra Liquid Dish Detergent

Product Use: Dish Detergent

Company Identification: Tri-Chem Industries
Address: 2600 N Cresson Hwy
Cresson, Texas 7 USA 76035

Phone: 972-745-6875 (for product information)

For chemical emergency, call CHEMTREC day or night. Within USA and Canada, call 1-800-424-9300.

Section 2 Hazard(s) Identification

Classification: Serious eye damage/eye irritation Category 2A
Skin corrosion/irritation Category 3

Signal Word: Warning!

This product is labeled in accordance with regulations administered by the Consumer Product Safety Commission (CPSC). The use pattern and exposure in the workplace are generally not consistent with those experienced by consumers. The requirements of the Occupational Safety and Health Administration applicable to this SDS differ from the labeling requirements of the CPSC and, as a result, this SDS may contain additional health hazard information not pertinent to consumer use and not found on the product label.

Hazard Statements: H316 – Causes skin Irritation
H320 – Causes serious eye irritation

Precautionary Statements:

P264 – Wash hands, forearms, and other exposed areas thoroughly after handling.
P280 – Wear protective gloves, protective clothing, and eye protection.
P302 + P352 – IF ON SKIN: Wash with plenty of water.
P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present. Continue rinsing.
P321 – Specific Treatment: See section 4.
P332 + P313 – If skin irritation occurs: seek medical advice/attention.
P337 + P313 – If eye irritation persists: seek medical advice/attention.
P362 + P364 – Take off contaminated clothing and wash before reuse.
P501 – Dispose of contents/container in accordance with local, regional, national, and international regulations.

Other Hazards: Exposure may aggravate pre-existing eye, skin, or respiratory conditions.

Acute Toxicity: No data available.

Label Pictograms:

Section 3 Composition/Information on Ingredients

Contains Hazardous or Regulated Components

Chemical Name	Percentage	CAS Number/UN Number
Sulphonic Acid	1-5%	85536-14-7, 7664-93-9
Sulfuric Acid, mono-C 12-14 alkyl esters, sodium salts	2-4%	85586-07-8
Sodium Hydroxide	2-5%	215-185-5
Amines, C12-18-alkyldimethyl, N-oxides	0.5-2%	68955-55-5
1-propanaminium, 3-amino-N- (carboxymethyl)-N, N-dimethyl-, N-coco acyl deriv., hydroxides, inner salts	0.5-2%	263-058-8
Preservative	<0.0015%	UN3265

**Some items on this SDS may be designated as proprietary and/or trade secrets (TS). The exact % concentration of composition has been withheld as a trade secret in accordance with paragraph (i) of the OSHA HCS 1910.1200.*

Section 4 First-Aid Measures

General: Never give anything by mouth to an unconscious person. Seek medical advice/attention if feeling unwell.

Eyes: Immediately flush eyes thoroughly with water for several minutes. Remove contact lenses, if present. Continue flushing eyes for at least 15 minutes, including under lids. Seek immediate medical advice/attention if necessary.

Skin: Remove contaminated clothing immediately. Flush affected area with water for several minutes. Obtain medical advice/attention if necessary. Wash contaminated clothing before reuse.

Ingestion: Contact poison control (USA 1-800-222-1222). Do not induce vomiting without medical advice. If the individual is fully conscious, rinse mouth with water then give two (2) large glasses of water to drink. Do not give anything by mouth to an unconscious person. Seek immediate medical attention. Do not leave individual unattended. Vomiting may occur spontaneously. To prevent aspiration of swallowed product, lay individual on side with head lower than waist.

Inhalation: If respiratory irritation or distress occurs, remove individual to fresh air. Seek medical attention if respiratory irritation or distress continues.

Notes to Physician: All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Section 5 Firefighting Measures

Flash Point: Not available

Autoignition Temperature: Not available

Hazardous Combustion Products: Carbon oxides

Unusual Fire & Explosion Hazards: Product is stable under normal conditions.

Extinguishing Media: Use extinguishing media that are appropriate to local circumstances and environment.

Special Firefighting Procedures: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6 Accidental Release Measures

Wear appropriate protective gear for the situation. See **Personal Protection** information in **Section 8**.

Containment of Spill: Close off area of spill to traffic. Use caution during cleanup. Make sure area is slip-free before re-opening to through traffic.

Cleanup and Disposal of Spill: Contain spill and pick up with absorbent material. Keep in suitable and closed containers for disposal. After cleaning, flush away traces with water. Make sure area is slip-free before re-opening to through traffic.

Environmental and Regulatory Reporting: Prevent entry to sewers and public waters of undiluted product. Avoid release into the environment.

See Section 8 for exposure controls and personal protection. See Section 13 for disposal consideration.

Section 7 Handling and Storage

Handling: Wash hands and other exposed areas with mild soap and water before eating, drinking, smoking, or leaving work. Void breathing vapors, mists, and/or sprays. Do not get in eyes, skin, or on clothing.

Storage: Store in tightly closed containers at ambient conditions away from direct sunlight. Keep from freezing. Keep in properly labeled containers. Avoid direct contact with product and promptly clean up spills.

Section 8 Exposure Controls/Personal Protection

Exposure Guidelines: For substances listed in Section 3 that are not specifically listed here, there are no established exposure limits from the manufacturer supplier, importer, or appropriate advisory agency.

Engineering Controls: The following traditional exposure techniques may be used to effectively minimize employee exposures

Eye protection: When engaged in activities where product could contact the eye, wear safety glasses with side shields, goggles, or face shield.

Skin protection: Wear protective gloves. Wear chemically resistant materials and fabrics.

Respiratory protection: None required under normal usage. If irritation is experienced, approved respiratory protection should be worn in case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known.

Engineering Measure: Showers, Eyewash Stations, Ventilation

Work Practice Controls: Personal hygiene is an important exposure-control measure. The following general measures should be taken when working with or handling this material:

Hygiene: Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics, or using the toilet. Do not store or consume foods, beverages, or tobacco products in areas where this material is stored.

Exposure control: Wash exposed skin promptly to remove accidental splashes or contact with this material.

Section 9 Physical and Chemical Properties

Information on Basic Physical and Chemical Properties

Physical state:	Liquid
Appearance:	Characteristic
Odor:	Characteristic
Odor threshold:	Not available

<u>Property</u>	<u>Values (Method)</u>
Freezing point:	Not available
Boiling point:	Not available
Flash point:	Not available
Evaporation rate:	Not available
Flammability (solid/gas):	Not available
Vapor pressure:	Not available
Vapor density:	Not available
Specific gravity (H₂O=1):	1.01-1.03 (at 20°C)
pH:	8.0-9.5
Autoignition temp.:	Not available
Viscosity:	100-350 cps
Lower/upper explosive limits:	Not applicable
Crystallization temp.:	Not available
Solubility:	Soluble
VOC content:	Not available

Section 10 **Stability and Reactivity**

Stability: Stable under normal conditions.

Conditions to Avoid: Direct sunlight, extremely high or low temperatures, incompatible materials.

Hazardous Polymerization: Will not occur.

Incompatibility With Other Materials: Strong acids, strong bases, strong oxidizers.

Hazardous Decomposition: None expected under normal conditions of use.

Section 11 **Toxicological Information**

Acute Toxicity:

Oral: Not available

Dermal: Not available

Inhalation: Not available

Information on Potential Routes of Exposure:

Eyes: Avoid contact with eyes. Causes eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

Skin: Avoid contact with skin. Causes skin irritation.

Inhalation: Do not breathe fumes, gas, mist, spray, or vapors. Prolonged inhalation may be harmful.

Ingestion: Do not ingest material. May cause gastrointestinal distress, causes, vomiting, and/or diarrhea.

Target Organ Effects: Not available

Mutagenicity: Not available

Reproduction: Not available

Chronic Toxicity: This product does not contain substances that are considered by OSHA, NTP, IARC, or ACGIH to be "probable" or "suspected" human carcinogens.

Section 12 **Ecological Information**

General: Harmful to aquatic life.

Ecotoxicity: Possible ecotoxicity in the event of exposure to aquatic organisms and systems.

Amines, C12-18-alkyldimethyl, N-oxides (68955-55-5)

LC50

Fish

<1 mg/L (96 h)

EC50

Water Flea

3.4 mg/L (48 hours)

Sulfonic Acid (85536-147)

LC50
EC50

Gambusia affinis
Ceriodaphnia Dubia

42 mg/L (96 h)
4.66-6.83 mg/L (48
hours)

Preservative (UN3265)

LC50
EC50

Oncorhynchus mykiss
Anabaena flosaquae

1.6 mg/L (96 h)
0.31 mg/L (120 hours)

Persistence/Degradability: Readily degradable in the environment.

Bioaccumulative Potential: Not available

Section 13 Disposal Considerations

Waste Disposal Recommendations: Dispose of contents/container in accordance with local, regional, national, and international regulations.

Container Disposal Method: Emptied container may contain product residue and should not be reused.

Section 14 Transport Information

The shipping description(s) stated herein were prepared in accordance or regulations at the time the SDS was authored and can vary based on variables at the time the SDS was issued.

Department of Transportation (DOT): Not regulated.

International Maritime Dangerous Goods (IMDG): Not regulated.

International Air Transportation Association (IATA): Not regulated.

Transportation of Dangerous Goods Act and Regulations (TDG): Not regulated.

International Civil Aviation Organization (ICAO): Not regulated.

Section 15 Regulatory Information

Federal Regulatory Status:

Reportable Quantities under CERCLA and EPCRA, 40 CFR 302 and 355: The product does not contain component(s) regulated under this section. Note that there may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

Clean Water Act Reporting 40 CFR 117 Section 311: The product does not contain component(s) regulated under this section.

Clean Air Act Reporting: The product does not contain component(s) regulated under this section.

Status under the Toxic Substances Control Act, 40 CFR 710: All chemicals comprising this product are either exempt or listed on the TSCA Inventory.

Drug Enforcement Administration (DEA): This product is not regulated under 21 CFR 1310.02(b) and 1310.04(f)(2) or 21 CFR 1310.12.

SARA 313: This product does not contain any chemicals which are subject to reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

SARA 311/312:

Health Hazard – eye damage or eye irritation

Health Hazard – skin damage or skin irritation

State Regulations:

California: This product does not contain components that are regulated under California Proposition 65.

International Regulations:

Canadian Regulations:

Workplace Hazard Materials Information System (WHMIS): Not available.

Individual components of this product may be listed on the following inventories:

Australian Inventory of Chemical Substances (AICS)
Canada Domestic Substances List (DSL)
Canadian Ingredient Disclosure List (IDL)
Inventory of Existing Chemical Substances Produced or Imported in China (IECSC)
European Inventory of Existing Chemical Substances (EINECS)
European No Longer Polymers Inventory (NLP)
Japanese Existing National Inventory of Chemical Substances (ENCS)
Japanese Industrial Safety and Health Law (ISHL)
Japanese Pollutant Release and Transfer Register Law (PRTR)
Korean Existing Chemicals List (ECL)
New Zealand Inventory of Chemicals (NZIoC)
Philippines Inventory of Chemicals and Chemical Substances (PICCS)
United States Toxic Substances Control Act (TSCA)
Mexican National Inventory of Chemical Substances (INSQ)
Taiwan Chemical Substance Inventory (TCSI)

Section 16 Other Information

Prepared By Tri-Chem Industries
